

HALIFAX INTERNATIONAL BUSKER FESTIVAL

August 28, 2002

The Halifax International Busker Festival was pleased to provide employment for High Strung aerial dance at the Toronto Buskerfest. I had the distinct pleasure of working closely with High Strung as their performer manager.

High Strung is a joy to work with, both professionally and personally. Their performance is spectacular and unique – aerial acrobatics that leave you breathless. An art form of wondrous proportions that amazes young and old.

I wholeheartedly recommend High Strung for any festival or event. I would not hesitate to hire High Strung again and expect they will have a long association with this organization.

Please feel free to contact me if you have any further questions.

Yours sincerely,

Kelly McKeigan
Performer Manager/Talent Coordinator
